

BABETTE – BB2A1 CRISTINA CELESTINO

La collezione si compone di tre differenti volumi combinati con cinque colori selezionati per esaltarne linee architettoniche, ed impiega due trattamenti di rifinitura: la smaltatura lucida per i colori verde scuro, blu petrolio, nero e bianco e la smaltatura opaca per il rosa. Una collezione di lampade a sospensione ispirata ad un ideale banchetto dove protagonisti sono budini creati impiegando gli inconfondibili stampi Savarin.

The collection consists of three different volumes combined with colors selected to enhance the architectural lines, and two finishes: glossy enameling for dark green, petrol blue, black and white and opaque enameling for pink. Babette is the result of a formal and aesthetic research aimed at expressing these iconic and familiar forms in a contemporary style. It is a family of pendants inspired by an ideal banquet where protagonists are molds of Savarin cakes, chiselled throughout the centuries by artisans who carved those sinuous shapes embedding volumes.
