| Energy class luminaire | A - |
| Lamp | Powerled |
| Material | Aluminium / Glass |
| Colour | Anthracite |
| Way of mounting | Surface wall mounting |
| Light distribution type 1 | indirect |
| Light distribution type 3 | Axis-symmetric |

The OUT BEAM Series LED Wall Mounted Luminaire, available in single and double row form, was designed especially as an architectural accent luminaire. Two oppositely installed, glass covered, LED bulbs emit narrow and broad light beams creating a special UP/DOWN effect. The luminaire's IP44 class protection type makes it suitable for outdoor use. A built-in LED driver enables direct connection to 230V electrical mains. The OUT BEAM Series also contains further halogen lamp wall luminaires.
