FIND THE BETTER HALF WITH THE EOS UP LAMP

The Eos Up is the perfect companion for small spaces in need of big designs. Eos Up gives a soft, warm light that adds a sophisticated and elegant touch to any interior decor. Its clever construction makes it easy to mount directly onto the ceiling or wall.

"Lacking space? Whether it's in width or height, you need light to make your small areas come to life. It should be soft yet full of light creating small glowing dots on walls and in ceilings making the Eos Up the answer to big designs in small places," says Søren Ravn Christensen, Founder and Chief Creative Developer.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
